

# WENCE DANTE DE VERA

FEBRUARY 24, 2004

## ABOUT MYSELF

A driven 4th-year Bachelor of Science in Information Technology (BSIT) student at Holy Cross of Davao College with experience in freelance creative and digital work. Specializes in video editing, graphic design, web design, and UI/UX design, delivering visually compelling and user-centered solutions tailored to client needs. Possesses foundational coding knowledge that supports effective design implementation and collaboration. Known for meeting deadlines, and adapting to diverse project requirements.

## EXPERIENCE

### Short-Form and Long-Form Video Editing — Vast Professionals

- Edited and optimized short-form and long-form video content, ensuring strong storytelling, pacing, and platform-ready delivery
- Created motion graphics, visual effects, and performed color correction/grading to maintain visual quality and brand consistency
- Designed and mixed audio, including music, sound effects, and voiceovers, to enhance overall viewer engagement

### Short-Form Video Editing — Kayla

- Edited short-form video content for B2B and business platforms, tailored to support and empower women facing professional and personal challenges
- Enhanced storytelling through precise cuts, captions, and pacing to deliver clear, engaging, and value-driven messages
- Applied motion graphics, subtitles, and audio optimization to improve clarity, accessibility, and audience engagement

## Projects

### HCDC SSG ELECTION VOTING SYSTEM — Schoolwide system

- Designed and implemented a schoolwide digital voting system for the HCDC SSG elections to streamline and secure the voting process
- Developed user-friendly interfaces and workflows to ensure accessibility and ease of use for students and administrators
- Managed vote collection, validation, and result generation to ensure accuracy, transparency, and efficiency
